Founder's Note

Dr. Shivendu S.

Founder & CEO

Associate Professor, University of South Florida
IAS Retd. (1984 Batch) | IIM-Ahmedabad | IIT-Kanpur

I'm proud of the growing research community of young scholars, graduate students and working professionals that we are building. This community has already published exceptional papers in indexed peer-reviewed journals and received acceptances to highly selective top ranked universities. As we continue to expand Global R-Hub internationally our commitment to excellence remains steadfast.

Our Mission is to connect students with expert Ph.D. mentors and Subject Matter Experts who inspire critical and creative thinking, turning ideas into impactful research.

About Undergraduate Scholar Program

Turn Your Research into a Competitive Advantage

The **Undergraduate Scholar Program (USP)** is designed for college students who want to go **beyond classroom learning**. Work alongside experienced PhD mentors to conduct original research, publish a research paper, and build an academic profile that stands out for internships, graduate school, fellowships, and global career opportunities.

Program Highlights

Expert PhD Mentorship

Receive personalized guidance from experienced PhD mentors throughout your research journey.

Publication-Ready Research

Transform your research into a publication-ready paper.

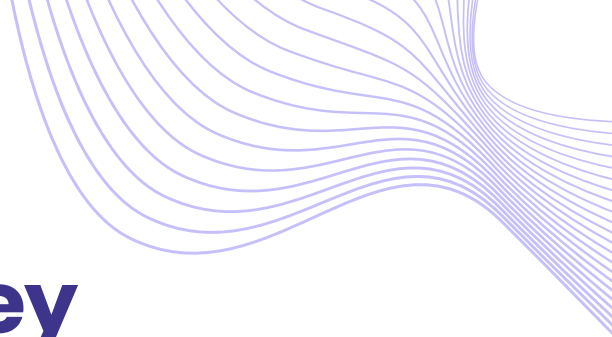

Global Faculty Review

Receive valuable academic feedback from international faculty members to strengthen your work.

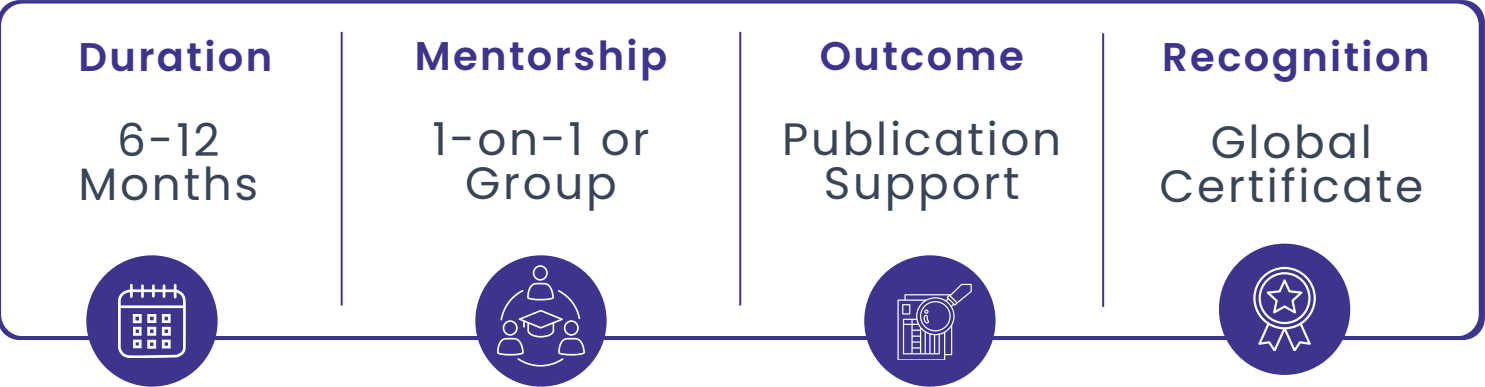

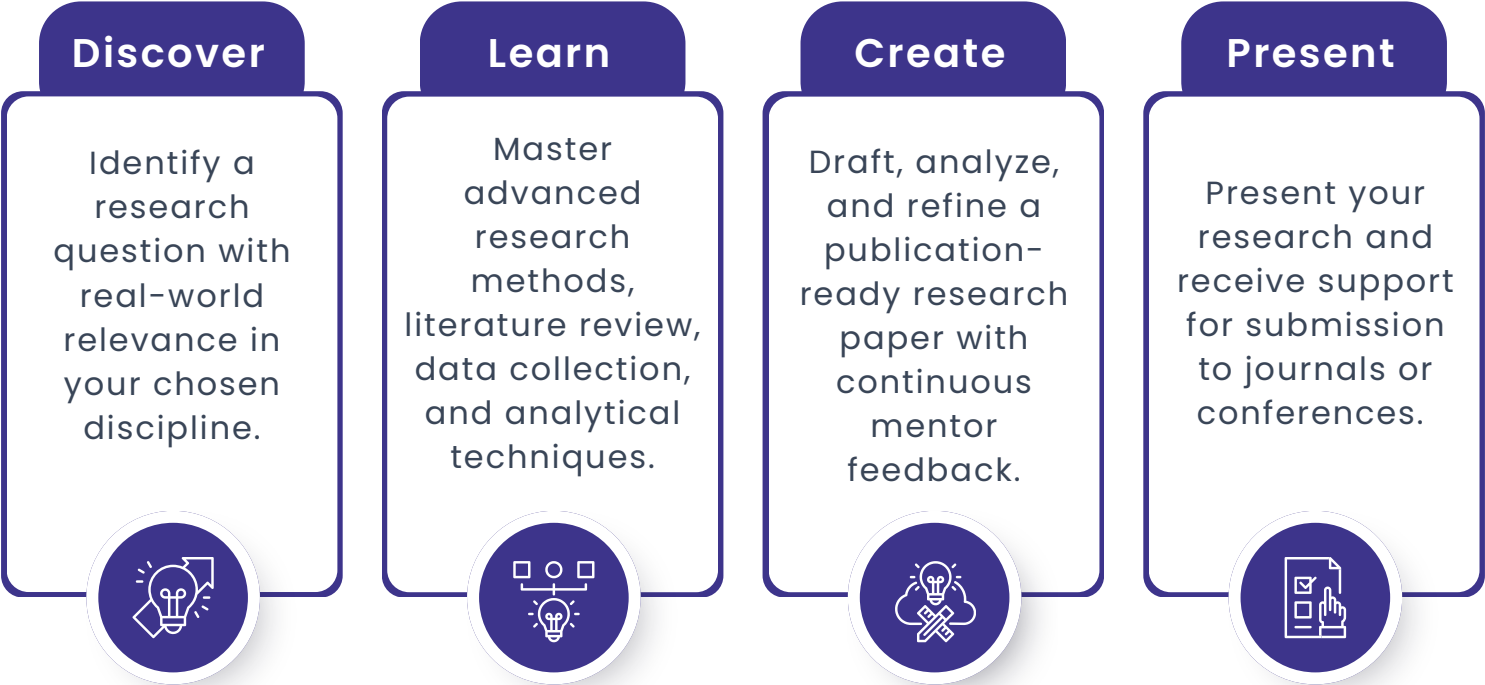

Graduate School Readiness

Develop a strong academic profile for top university admissions.

The Research Journey

The **High School Scholar Program** equips students to **explore complex ideas, conduct meaningful research, and build a future shaped by knowledge and innovation.**

USP Overview

Building the next generation of researchers through mentorship, innovation, and global academic excellence.

Empowers **college students** to conduct meaningful research under the guidance of experienced PhD mentors.
